## **Show Your Support For Wait List Funding!**

**When: Tuesday, April 3 2:00 PM**

**Where: [Legislative Office Building](#)  
rooms 210-211**

**What: Hearing on SB590**, which, if approved, would fully fund the Wait List for about 1 year.

SB590 will be our final opportunity to advocate to the Legislature in a direct way. This legislation provides a rare opportunity to add funding to the current state budget outside of the normal budget process.

Your attendance at this hearing to show your support of SB590 and the Wait List funds is important! We need to demonstrate the community need and try and get as much funding as possible. This will allow those on the Wait List to receive much needed services. Please feel free to simply attend to show your support, or provide written or verbal testimony. We need those on the Wait List to come out and explain what this means to their family!

At the State of the State Address today, Governor Sununu spoke about how important funding for Developmental Disabilities is, and stated there should never be a Wait List. What an impressive statement! It seems we have the Governor's support, but we want to be sure to make it known loud and clear that "PEOPLE CAN'T WAIT" and the Wait List needs to be fully funded!
