Stimulus Checks Now Automatic For

People On SSI

Federal officials now say that people with disabilities will no longer need to take any extra steps to receive their economic stimulus payments. The U.S. Department of Treasury said Wednesday that Supplemental Security Income beneficiaries who qualify will receive automatic cash payments by early May.

Manchester Health Department Info

MANCHESTER, NH
New Hampshire's Business Capital

The Manchester Emergency Operations Center announced that the Manchester Mobile Testing Site at the Armory will reopen from May 4th through May 8th for Manchester residents who do NOT have a doctor and are experiencing symptoms. In addition, outreach is being conducted to essential workers, such as supermarket staff and childcare workers, who would like to be tested.
