Absentee Ballots for 2020 Primary and General Elections

The NH Secretary of State's office announced in an [April 10, 2020 memo](#) that any voter may request an absentee ballot for the September 8th 2020 Primary and the November 3rd 2020 General Elections based on concerns regarding COVID-19.

NH voters do not have to choose between their health and exercising their constitutional right to vote. Thus, any voter who is unable to vote in person because of illness or who fears that voting in person

may expose himself/herself or others to COVID-19 will be deemed to come within the definition of "disability" for purposes of obtaining an absentee ballot.

Zoom Virtual Caregiver's Conference Workshop

“Caregivers, Before You Hit Send”

Have you ever received an email or experienced a situation that immediately struck your irritation chord? Did you respond too quickly and later wished you had taken some time before you replied? Learn targeted strategies to untangle your emotions, regain your balance and respond versus react when you become triggered from challenging emails and life circumstances.

Wednesday, July 15, 2020

6:30 pm – 7:30 pm

Guest Presenter: Gina Genest

MassGeneral *for* ChildrenSM

The Mass General Hospital Down Syndrome Program integrates state-of-the-art resources with compassionate, comprehensive care through a multi-disciplinary approach. National experts from Massachusetts General Hospital, MassGeneral Hospital for Children, and Massachusetts Eye and Ear Infirmary are ready to help your family member with any medical issue that may occur.

Our Down Syndrome Program has five distinct clinical services to ensure that people with Down syndrome receive the specialty care that is specific for their age group:

- Prenatal Services
- Infant and Toddler Clinic (ages birth-5)
- Child Clinic (ages 5-13)
- Adolescent and Young Adult Clinic (ages 13-21)
- Adult Clinic (ages

21
and
older)

Read more about their program through the link below.

The Refurbished Equipment Marketplace

The Refurbished Equipment Marketplace
High-quality pre-owned assistive technology at incredible discounts.

This is from the Crotched Mountain Refurbished Equipment Marketplace website. This service is NOT affected by the closing of their main campus.

The Crotched Mountain Refurbished Equipment Marketplace is the largest seller of high-quality pre-owned assistive technology in the region.

From power wheelchairs to patient lifts to speech devices and everything in between, the Refurbished Equipment Marketplace is your destination for high-quality, pre-owned medical equipment up to 90% off the MSRP!

Don't see what you are looking for? Give us a call, if we have the item in our warehouse we will get it ready for you ASAP. Many of the items we sell do not make the website.

National Association of Councils on Developmental Disabilities - The Able Act

The ABLE Act allows people to open tax-advantaged savings accounts whose funds can be used for “qualified disability expenses,” without adversely affecting eligibility for public benefits.

With an ABLE account, it’s possible to pay for alternatives to services affected by the pandemic, including accessible Internet devices, PPE for in-home support workers, and grocery delivery services.

Millions of people are eligible for these accounts but not all participate. Financial institutions and disability rights networks are working hard to increase the participation rate in this program.
