Creating opportunities for a good life.™

Important: Action Needed

As the next Covid-19 relief package is being negotiated, the National Council of Nonprofits is asking for help from the nonprofit community to contact Senators and Representatives, urging them to sign letters in support of including provisions that support nonprofit organizations.

To show our support, we're asking you to send an email to our New Hampshire Senators and Representatives who have not already signed the letters. You can simply visit the link to their contact form and copy and paste the info below.

We sincerely appreciate your support!

Copy and paste the text below: (feel free to also add your own personal message)

Dear Senator (add their name),

I'm writing to express my support for including specific provisions to help nonprofit organizations into the relief package that is currently being negotiated by the Senate.

The provisions cover these three areas, and the details are contained in the letter sent to your leadership, which can be viewed through the link I included below.

1. Expand
Nonprofit
Access
to
Relief
and
Support
2. Increase
Unemployment
Insurance
Reimbursement
3. Strengthen
Charitable
Giving
Incentives
