Creating opportunities for a good life.™

Important: When You Vote, Make an Informed Decision

Each election season The Moore Center reaches out to all candidates to help them understand the issues faced by the families we serve. Our goal is to provide them with a basic understanding of who we are and what we do, so they know to reach out to us as a resource when pertinent legislation comes before them. When it comes to legislation

that impacts the lives of those we serve, we want legislators to make informed decisions.

This year we created a virtual campaign and asked all candidates to add their name to our list, stating they agree to make informed decisions as pertinent issues come before the New Hampshire state legislature.

[See the Area Agency Awareness Campaign Here](#)

The link below titled **Awareness Campaign Live List** shows all candidates

who have reviewed our information and agreed to make informed decisions. We're providing this information to you so that you can also make an informed decision when you vote.

By accessing the page at the link below you can see each candidate who has signed it, along with their contact information and any comments they added. After you visit the page, simply click on the tab that says, "Individual Responses" and then you can navigate through each response using the left and right arrows. If additional candidates sign on, they'll appear here in real time.

You can also see each candidate in the snapshot report below titled, **Awareness Campaign Report**. This is a snapshot from today and will not show new updates.

We encourage you to review this list and consider voting for candidates who have agreed to make informed decisions regarding important issues that affect you and your family. We want all candidates to know that our voices matter.
