Let's Share Some Holiday Spirit!

Send Us A Video!

To help us all feel more community as we head into this holiday season, we're inviting our staff and families to share short videos with messages to help us all feel connected and supported.

It could be a video of a moment at the Thanksgiving table, decorating the tree, lighting the menorah – whatever you'd like to share. We'll add them all to a private playlist on YouTube that we'll share with our staff and families, and we may also select a few to share on our Facebook page.

To make it easy for everyone, here are some guidelines:

- Try to keep it to one minute or less.
- You can share more than one video if you're so inspired.
- Know that by submitting videos you allow us to share them with our community via email and/or on social media.

Let's just have fun with this and connect with each other in the best way we can under the conditions. Sharing just a little bit of ourselves can help us all get through the holidays during this difficult time.

To join in the fun, send your videos to dave.bastien@moorecenter.org or text them to 603-497-7186.

We can't wait to see what you all share!

Governor Sununu Issues Mask Mandate

In response to the surge in cases and what health officials call "substantial spread" of the virus in all ten New Hampshire counties, Gov. Chris Sununu has announced a statewide mask mandate effective tomorrow, Nov. 20.

The mandate covers all indoor and outdoor public spaces where social distancing cannot be maintained.

The New Hampshire Housing Relief Program

The Governor's Office for Emergency Relief & Recovery has announced the **New Hampshire Housing Relief Program**, an initiative designed to keep people from losing their housing and to secure or maintain permanent housing.

Are you on the verge of losing your housing due to COVID-19? Do you have past-due housing related expenses that may impact your ability to remain housed?

Please contact us today! For more info visit www.capnh.org or call 2-1-1 from any NH phone.

Disability Diagnosis Dialogues Panel

ABLE NH hears concerns from families about how they received a pre or post-natal diagnosis of disability. In an effort to improve how and what families are told regarding life with a disability in the early stages of their journey, we are hosting a virtual panel with families and experts.

This panel is a resource for healthcare professionals to help them understand the impact of their delivery of a diagnosis of disability, and an invitation to consider joining our team planning 2021 continuing education workshops.

This event is also an opportunity for New Hampshire families to share their own experiences. Your stories are important to us!

When: December 1st from 7:00 PM - 8:30 PM
