### **Everybody needs a friend. But not everybody has one.**

It can be very hard for people with intellectual and developmental disabilities to make connections on their own. So Best Buddies matches them with a peer volunteer to form a "buddy pair".

New friends open up a whole new world of opportunities! And donations from people like you and me make local Best Buddies programs possible. Big, small, or somewhere in between, your support will not go unnoticed.

Please join us in giving the gift of friendship - register to walk with us at the Best Buddies Friendship Walk or make a donation today!
