NH Transition Community Of Practice: Building Skills in Self- Determination and Self-Advocacy

Notice: This workshop is tomorrow, March 4th.

The mission of the NH Transition Community of Practice is to make a difference in the lives of New Hampshire youth and support successful transitions to life after high school by fostering cooperation, collaboration and the development of best practices among cross stakeholder communities.

They hold meetings are the

1st Thursday of every month with the following agenda:

Presenters: 9:00 – 10:00 a.m.

Sharing of Resources: 10 – 11:00 a.m.

This month's session, scheduled for March 4th, is about **Building Skills in**

Self-Determination and Self-Advocacy

Speaker: Heidi Wyman, MSW Transition Consultant

Topic: Young people need practice to build the skills they'll need to take the lead in their life after high school. Learn ways to use IEP's, IEP Meetings and transition planning to help them learn these skills.

You can join the Zoom session through the link below. The passcode is: "transition."

[Join the Zoom workshop here on March 4th at 9:00 a.m.](#)

VA Manchester is Offering Vaccines

Here a VA announcement about making access to vaccines a little easier for any of our

families with a veteran, regardless of age:

"Vaccine for COVID 19 has become more readily available within VA and in the community. As a result, VA Manchester is opening up vaccine appointments to ALL enrolled Veterans, regardless of age. Designated Caregivers enrolled in VA's Program of Comprehensive Assistance for Family Caregivers Support may also receive the COVID vaccine with the Veteran for whom they care. (Veteran is required to be present with the enrolled caregiver.)"

You can get more info at their website through the link below.

The Moore Center's Family Centered Early Supports and Services

Is your infant or toddler meeting their developmental milestones?

If you're concerned how your child is talking, moving or behaving, we can help.

Our team of licensed therapists (PT, OT, Speech and Social Work) and certified early childhood specialists/educators assess development in the following areas:

- Communication (expressive and receptive)
- Social/emotional
- Physical (gross and fine motor skills)
- Cognitive
- Adaptive/self-help skills

Simple and convenient

- No need for a doctor's referral
- Supportive and collaborative team approach
- Immediate appointments available – call today!

For children under the age of 3, early intervention is CRITICAL for helping with developmental issues. We offer an innovative and supportive telehealth evaluation in the convenience of your own home at NO COST to you.

Support The Moore Center's Best Buddies Team!

Be awesome and support Best Buddies!

Everybody needs a friend, but not everybody has one. It can be very hard for people with intellectual and developmental disabilities to make connections on their own. So Best Buddies matches them with a peer volunteer to form a "buddy pair". New friends open up a whole new world of opportunities! And donations from people like you and me make local Best Buddies programs possible. Big, small, somewhere in between your support will not go unnoticed. Join us in giving the gift of friendship - register to walk with us at the Best Buddies Friendship Walk or make a donation today!
