

The Moore Center
Creating opportunities for a good life.™

We're Here to Help!

Dear Moore Center Family,

With the coming of warmer weather and so many of our NH residents receiving vaccines, we have much to feel optimistic about. However, we recognize that the impact of the pandemic is still very real and is affecting our families and communities in a variety of ways.

The Family Support Council wants to know if they can help. We're hearing from some families who need financial assistance, but we suspect there are others we are not aware of.

We're happy to support families in one of two ways:

1. Assisting
you
to
meet
a
critical
need:
Are
you
having
trouble
paying
the
co-

pays
for
medication?
In
danger
of
losing
housing
or
experiencing
food
insecurity?
Struggling
to
pay
bills?
Please
let
us
know.
We
may
be
able
to
help.

2. Providing
family
experiences:
Is
your
family
wishing
to
share
some
fun,
safe,
local
experiences
but
don't
necessarily
have
the
extra
income
to
pay

for
it?
We
may
be
able
to
help.

We know that asking for assistance is not easy, but that's why we're here – to support families in times of need. And if ever there was a time of need, it's now. So please reach out and we'll determine if we're able to help. Deadline for requests is April 30th.

Please contact your case manager, family support contact person, or Susan Goddard via email at susan.goddard@moorecenter.org, or by phone at (603) 206-2794.

Take care,

Your Family Support Council
