Tell the Senate Budget Committee Your Story!

Your story can have an impact on the outcome of the NH Senate budget hearings, and we need you to tell it. We've included a simple Testimony Prep Tool and a sample email template.

We're asking you to use this template and create a brief email to share your personal story with all the Senators on the budget committee to help them understand the importance of fully funding the Developmental Services budget. **And since a picture is worth a thousand words, including one will help increase your story's impact.**

This is what to ask them for:

After telling your story, simply ask them to fully fund the Developmental Services budget. They're holding a public hearing on Tuesday, May 4, so getting your story to them before this weekend would provide them more time to read it.

Here are their email addresses:

Email Addresses of NH Senate Budget Committee Members:

We'd also like to get a copy of your story!

Please send a copy to Dave Bastien at dave.bastien@moorecenter.org, and feel free to contact him if there's anything else we can do to help.
