Webinar: The HCBS Access Act: A Law 70 Years in the Making

Presented by The Arc

Only decades ago, there were few options or supports for someone with intellectual and developmental disabilities (IDD) to live and participate in their community.

Though we've made great progress, our current systems are holding us back from what's truly possible. People still face long waitlists for services, shortages and turnover of direct support workers, and a lack of affordable and accessible housing.

Congress has finally proposed a bill, the Home and Community-Based Services Access Act (HAA), to address these issues and update the system of support for people with disabilities so community-based services can be available for ALL. Come learn about barriers in the current system, the proposed changes, and what you can do to make sure these changes become a reality!

When: Thursday, June 3 at 2:00 p.m. ET

Senate Finance Committee Unanimously Adopts Medicaid Dental Benefit

The NH Senate Finance Committee unanimously approved an amendment to require the Department of Health and Human Services to contract with dental managed care organizations to provide dental care to individuals in the Medicaid managed care program, and funds the program in the second year of the biennium.

After the vote, Senator Cindy Rosenwald (D-Nashua) issued the following statement:

“Today’s vote to provide a Medicaid dental benefit has been years in the making. There are over 120,000 adult Granite Staters who rely on Medicaid for their health care, who will benefit from the provision of this dental health care.

This measure will benefit public health, workforce development efforts, financial security for these individuals, and represents a long-term cost savings for the state. I am grateful to my colleagues on Senate Finance for their support on this critical measure.”

2021 Virtual Caregiver's Conference May 27th Listening Series

Is There Anything Out There for Caregivers?

We all know how difficult this past year has been during this pandemic, it has been ever more difficult for us as caregivers. We will discuss a multitude of resources that exists for all types of different caregiving populations.

When: Thursday, May 27, 2021, 6:30 pm – 7:45 pm

Presenters: Tina Goulet, MSW & Jennifer Brechtel, CHES

For more information contact: Ellen Edgerly, 603-834-9570 or Ellen@bianh.org.
