Come Meet Mary "Mayhem" Maybury! Wednesday, June 23rd

The Moore Center's Mary "Mayhem" Maybury had dreamed of being a race car driver since she was 15. During the pandemic, she decided it was time to make that dream come true.

She started working on a plan to make it happen, which included working extra hours and doing several side jobs to save up to buy her first car. She lined up a few sponsors, outfitted her car with all of the required safety equipment, registered at Star Speedway in Epping, dove in, and just completed her first race. Other than experiencing a heart-palpitating spin out, she said her first race was "exhilarating!"

You can imagine how motivated and hard-working one must be to embark
