

The Moore Center

Creating opportunities for a good life.™

Let's Keep Each Other Safe!

Dear Families,

As you may be aware, the number of COVID-19 cases in the Greater Manchester area is rising steadily, and so are the number of hospitalizations.

We need your help to keep our workers and your family members safe!
Please follow best practices such as:

- Hand-washing
- Distancing from others
- Wearing a mask
- Getting vaccinated
- Staying out of program

- if individual has any symptoms
- Staying out of program if anyone in the household is waiting for test results for COVID or has tested positive for COVID
- Letting in-person program know if client or anyone living in the home has COVID

Visit <https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/prevention.html> for more tips.

I believe that together we can keep our families and staff safe and healthy.
Thank you for your help!

Best,
Janet
