Get Scholarships for Summer Camp!

It's time to make plans for summer camps!

In addition to federally funded camp scholarships of up to \$650, The Moore Center's Family Support

Council offers \$600 scholarships, for a total of up to \$1,250 to help pay for participation in a summer camp.

 New Hampshire Department of Education

reKINDling
CURIOSITY

Every New Hampshire kid goes to camp!

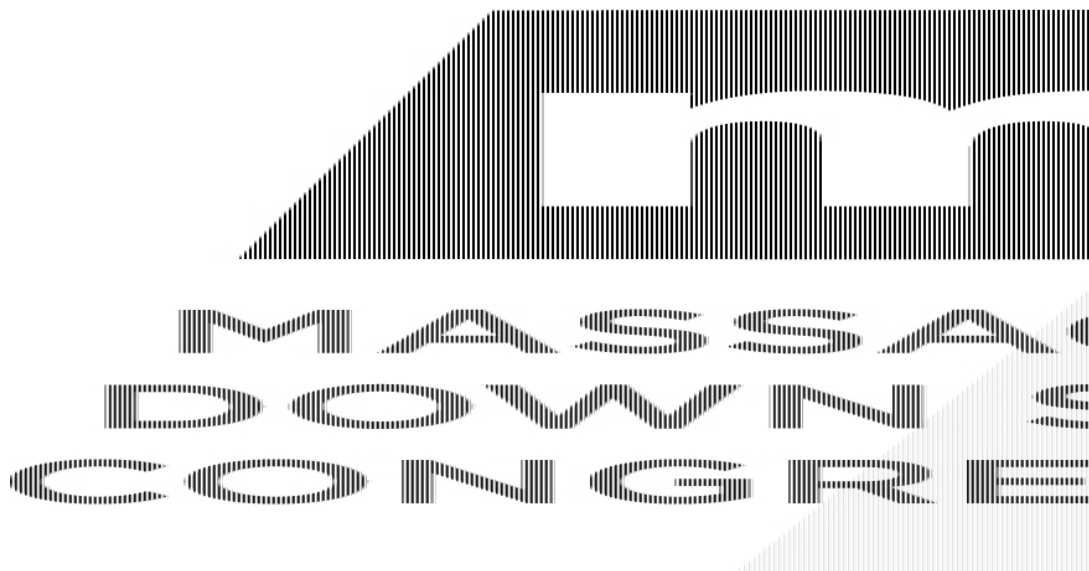

You can also apply for the \$650 federally-funded scholarship online through the New Hampshire Department of Education at

<https://rekindlingcuriosityeducation.nh.gov/>

You can read more about the federally funded scholarships in the **Union Leader article** at the link below, and you can get more info about the Family Support Council scholarships by contacting Celeste D'Innocenzo at Celeste.Dinnocenzo@moorecenter.org.

Educational Webinar on Meaningful Inclusion

The **MDSC**, in collaboration with the **3-21 Foundation**, is offering educational webinars.

Safety Considerations for People with Down Syndrome During COVID-19

When: Wednesday, February 9, 2022 - 7-8 PM ET

Description: With the ever-changing community guidelines surrounding Covid-19, many families have questions about quarantine and isolation

guidelines, vaccinations, and general Covid-19 safety. In this Webinar, Dr. Nicole Baumer of Boston Children's Hospital, Dr. Brian Skotko of Massachusetts General Hospital, and Dr. Helen Lyon of UMass Memorial Medical Center answer frequently asked questions on this topic, share the most accurate up to date information, and provide resources to guide this process. [Register here.](#)

Meaningful Inclusion

When: Saturday, February 12, 2022 - 9:00-10:30am ET

Description: Inclusion is not a location, but a student-centered process. We want to see our children form fulfilling relationships, acquire academic skills, gain independence, improve their communication, and self-regulate their behavior in order to lead independent and happy lives. How do we develop programming in school to help our children develop in all of these areas? Join Ariel Klemmer, 3-21 Parent Educator and Educational Consultant, as she details the key elements to inclusive educational experiences that are meaningful to each unique student. [Register here.](#)

In addition to these webinars, you can view all their upcoming events at the link below.
