HB103 Passes NH House with Strong Bipartisan Support

Good news on HB103! The bill to establish a dental benefit under the State Medicaid Program passed the House on March 16th with a vote of 237 to 100. This was supported with a strong bipartisan vote.

HB103 will be a great benefit to improve overall health for many Moore Center clients.

The bill now goes onto the Senate for review and a vote, and if approved, it'll then onto Governor Sununu for his approval.

Statewide Brain Injury Virtual Support Group

Sustaining a stroke or brain injury can be a difficult, lonely, unpleasant experience that lasts much longer than anyone thinks it

**BRAIN INJURY
ASSOCIATION**
OF NEW HAMPSHIRE

should or wishes it would. Further, one person may “get the diagnosis” but an injury is more of a family affair, impacting spouses, children, parents... the whole family.

For many years, the Brain Injury Association has found that support groups provide an opportunity for individuals to share strategies and information along the journey of recovery.

There is a saying in the brain injury community about brain injury that ... “you don't really get it, until YOU get it.”

We hope to see you at the listed Virtual Brain Injury Support Group Meetings, individuals are invited to attend all!

Meets every 1st Tuesday of the month, from 6:00 pm to 7:30 pm. The next meeting is Apr 5, 2022.
