Update on Legislation - June 2022

Here's the latest legislative update as the session comes to a close. In summary, the bills that Community Support Network, Inc. (CSNI) opposed did not pass, and the ones they supported, did. For those who aren't familiar with CSNI, they're a nonprofit organization that supports and advocates for all ten Area Agencies in New Hampshire.

You can read the details through the link below, including updates on the dental bill, 18 to 21-year-olds accessing the DD Waiver, raising the age for special education services and requiring school districts to allow students to remain in school for all 12 months of their 21st year, up until age 22, and other general info.
