Meet up with other brothers and sisters!

The Sibshop Club seeks to provide brothers and sisters who have a sibling with a disability or a special health care need with opportunities for peer support

During the Sibshop Club meetings we will provide brothers and sisters of siblings with a disability or special health care need an opportunity to:

- Meet other siblings in a relaxed, recreational setting
- Discuss common joys and concerns with other siblings
- Learn how others handle situations commonly experienced by siblings
- Learn more about their involvements in their sibling's life
- Will also provide parents and professionals with opportunities to learn more about the concerns and opportunities frequently experienced by brothers and sister of people with disabilities and special health care needs.

Fun activities: (vary each meeting)

- Introductions - We incorporate creative ways introduce themselves and their sibling at the beginning of every session
- Feelings on a Screen - Everyone has the opportunity to share how they are feeling and why.
- Educational - Each meeting we learn about a disability or a special health care need and have Q & A time.
- Move and Groove - We take a little time to exercise the mind, body and soul.
- Time Capsules - Kids get to talk about various times in their lives (a time when I was really proud of my sibling, I time I was really embarrassed by my sibling, a time my sibling helped me... etc)
- A visit from Aunt Blabby - a blogger who reads posts from bothers and sisters about questions they have and the group finds answers together. We have guest speakers who attend throughout the year and we may be visiting a few places!
