

The Moore Center
Creating opportunities for a good life.™

Moore Center Book Drive

The Moore Center's Family Support department and Family Support Council will be participating in CelebratED on September 17, a family festival in Manchester focusing on children's activities and services.

We're collecting children's books to hand out at the event and hoping you have some you'd like to donate! They can be used, but please be sure they're in good condition for the kids to enjoy!

A drop box will be placed outside the employee entrance and the main lobby entrance beginning Friday. We'll be collecting books until September 15 and will be sending reminders to keep it fresh in your mind.

If you belong to a local Facebook free site and can get some books that way, please do! Ideally, books should be infant – 4th grade.

Thanks for your help making this a great success for the kids! Questions

or suggestions? Let us know!

Updated COVID-19 Omicron Boosters Expected Next Week in N.H.

By NANCY WEST, InDepthNH.org

CONCORD – The updated COVID-19 Omicron boosters are expected to be available next week in New Hampshire, but it is unknown how many doses the state will receive, according to Jake Leon, spokesman for the state Department of Health and Human Services.

The boosters can be given once the FDA has authorized the vaccine, which occurred Wednesday, and the CDC has made recommendations on how to appropriately give the vaccine to patients, Leon said.

The Brain and Spinal Cord Injury Advisory Council (BSCIAC) is seeking input from stakeholders

The Brain and Spinal Cord Injury Advisory Council (BSCIAC) is seeking input from stakeholders (survivors, family members, caregivers, friends, services agencies) statewide with respect to the unmet needs of individuals with brain and/or spinal cord injuries.

A Virtual BSCIAC Public Hearing is scheduled for **Tuesday, September 6, 2022 at 6:30 pm** during the Peterborough Brain Injury Support Group Meeting. Online Registration can be found at the link below.

Based upon the information gathered at the hearing and as part of the Council's statutory charge from the New Hampshire Legislature, the Council will subsequently submit a report to the Governor and the Legislature that contains findings and recommendations on how New Hampshire can better meet the needs of individuals with brain and/or spinal cord injuries.

Questions should be directed to:

Ellen M. Edgerly, Community Organizer
Brain Injury Association of New Hampshire
Ellen@bianh.org
Office: 603-834-9570
