Register Your Support for the Workforce Bill

This is an important action request!

There's a bill in the New Hampshire State Senate - SB86 - that would increase Medicaid rates to address the current workforce shortage. This increased funding would make a significant difference in our ability to recruit and retain skilled DSPs.

The DSP workforce shortage is affecting all providers across the country, including The Moore Center.

On Wednesday, February 1st at 9:00

a.m. the **Senate Health and Human Services Committee** will be holding a hearing on this bill. Your voice is important in helping our New Hampshire State Senators understand the impact of funding on the lives of those we serve. **We need you to submit your support to the committee before the hearing.**

You can provide your input online in a couple of ways:

[Click here to register your opinion on this form](#)

Next:

1. Select the date = February 1st
2. Select the committee = Health and Human Services
3. Choose the bill = SB86

[Click here to email your support to the entire HHS Committee](#)

More detailed instructions for both options can be found [here](#)

Thank you for your support. Together we can ensure that everyone in our community has the opportunity to thrive.
