Talent Clinics: Changing the Face of Beauty

A message from the "Changing the Face of Beauty" organizers:

Throughout 2023, Changing the Face of Beauty is challenging the disability community and brands to come together and photograph at minimum 500 people with disabilities around the world, providing them with professional headshots and empowering them to push for representation.

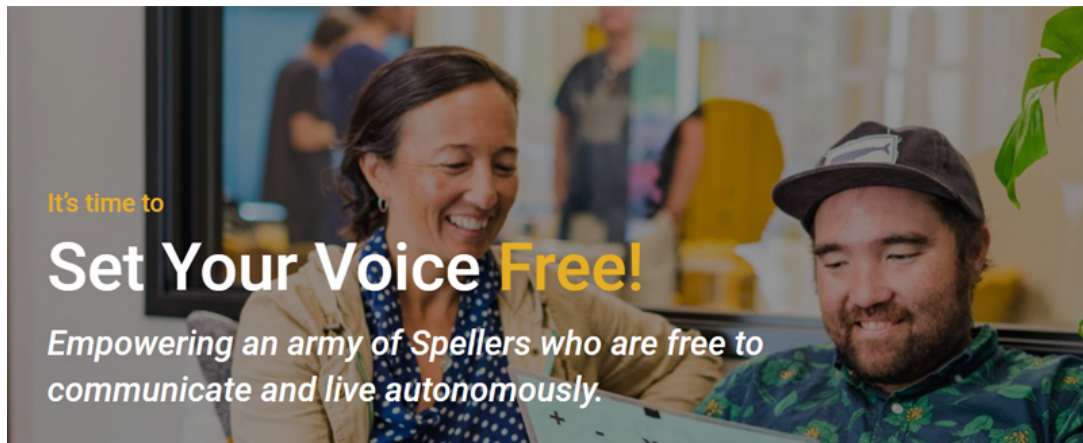

The "See Me in 2023" project goal is to increase representation of the disability community in talent firms across the world. We can not continue to make strides in representation in advertising and media without ensuring brands have access to talent.

Portland, ME clinic on Sunday June 25th.
Marlborough, MA clinic is on Sunday, July 9th.

We are currently inviting artists to submit artwork to be considered for the

Institute on Disability's (IOD) 2024 Calendar. For over 20 years, we have produced beautiful, full-color calendars featuring 13 original works of art coupled with inspirational quotes. This is a wonderful opportunity to share your talent on a global scale.

Eligibility: This competition is open to the public. All artists working in two-dimensional mediums may submit their work for this contest and do not need to have professional experience to participate.

Check out the 2023 calendar!

All submissions must be received before Monday, July 10, 2023.

Selected artists will be contacted no later than Friday, August 11, 2023 regarding the next steps.

All artwork must be two-dimensional (i.e. drawings, paintings, or photography). Artwork may be created for the purpose of this calendar or may be selected from an existing portfolio of work.

Each artist is welcome to submit a maximum of three (3) works of art for consideration using the form below.

If selected, artists need to agree to the terms of the Artwork Release Form. Unfortunately, we are unable to feature any artwork without the release form. Please be sure you are willing and able to comply with the terms prior to submission.
