A message from the Brain Injury Association of New Hampshire

Brain and Spinal Cord Injury Advisory Council Public Hearing

The Brain and Spinal Cord Injury Advisory Council (The “Advisory Council”) is charged by the New Hampshire Legislature with investigating the unmet needs of New

Hampshire residents with brain or spinal cord injuries. See NHRSA 137-K.

The Advisory Council has been holding public hearings for twenty-five years, since its establishment by statute in 1997. The information provided at the hearing will be submitted in a report to Governor Sununu and the Legislature in order to provide recommendations to better meet those needs.

The next public hearing is scheduled on Tuesday, October 3rd from 6:00 pm - 7:30 pm at the K.B.I.C. Community Campus in Portsmouth. Online Registration Required - see registration link below. Pizza will be provided.

Survivors, family members, caregivers, friends and service agencies are encouraged to attend this Public Hearing to provide personal and professional input for unmet needs for individuals living with a brain injury or spinal cord injury.

2024 NH Family Support Conference Survey

A message from the NH Family Support Conference:

Please participate in the 2024 NH Family Support Conference Survey for Families!

It is our hope that your answers will guide our path to build an exciting and valuable statewide Conference that meets the needs of all families across New Hampshire.

Introducing: ABLE NH's Oral Healthcare Task Force!

Do you want to get more involved in ABLE NH's work on oral healthcare access?

For years, the New

Hampshire disability community advocated tirelessly for a Medicaid adult dental benefit... and we got it! Now, in order to make health equity a reality, we need to spread the word about this program and encourage more dentists to participate.

We're excited to have launched an Oral Healthcare Task Force, which will meet on the first Wednesday of the month at 7:30 PM. Our next task force meeting will take place on October 4th, 2023.

Want to get involved? Email andrew@ablenh.org. Also, be sure to [check out our videos](#) about the NH SMILES Medicaid Adult Dental Benefit!

Virtual Autism Support Group

Join the virtual Autism Support Group on the second Monday of each month, from 6:30 – 8:30 pm to network with other families of loved ones with autism. If you have any questions, please contact Stephen Hambleton at s.hambleton@comcast.net.

Join the Zoom Meeting via this link:

CtLC Steering Committee Shared Competencies Survey

The CtLC (Charting the LifeCourse) Community of Practice group, made up of the Bureau of Developmental Disabilities, Bureau of Elderly and Adult Services, Bureau of Family

Centered Services, and the Bureau of Behavioral Health, is working to create shared competencies regarding person centered practices.

The first step is to gather information from individuals receiving services and their families about what are important skills for those who support them. Additionally, the same questions will be asked of professionals who support individuals and families.

The results of the survey will help create a set of expectations for those who work to support individuals and families. The set of skills and behaviors will be the same no matter what Bureau provides the services.

The goal is to help individuals, families and staff know what is expected to ensure that services are person centered.

Click below for the Person Centered Survey link.
