## **Behavioral Consultation Following Brain Injury**

### **A message from the Brain Injury Association of NH**

For Families & Caregivers—Behavioral Consultation Following Brain Injury

Presented by Toni Curry, PhD, NCSP

**When:** September 4, 2024

**Available times are:**

12 – 12:30

12:45 – 1:15

5:45 – 6:15

Behavior change following moderate and severe traumatic brain injury (TBI) is common, and can contribute to significant stress for

individuals and their families. The kinds of behavior changes and how long they persist depend on multiple factors including injury location and severity, as well as an individual's access to adequate support and

interventions in the time following an injury. This 30-minute one on one zoom session will create an opportunity for you to discuss specific behaviors that you are seeing your family member exhibit and offer some consultation on potentially helpful next steps to consider.

Each session will include a 15 minute overview on behavioral issues followed by a 15 minute Q&A. Upon signing up for a session you will receive a form to fill out where you can let Dr. Curry know ahead of time the specific behavioral areas/issues you would like her to focus on during your session. We will offer our 30 minute timeslots for an individual consultation where families and caregivers can sign up for a one on one training and Q&A.

To register, click on the link below and sign up for your corresponding timeslot (only one person/family per each time).

## Manchester Recreation Needs Survey

### A message from the Manchester Parks & Rec Department

Do you want to shape the future of recreational facilities and programs in our city? Now's your chance! We're excited to announce the launch of the Manchester Recreation Needs Survey, and we need your input.

**Parks & Rec**  
CITY OF MANCHESTER NH

Please take the time to fill out this 5-minute survey outlining how we can better serve the recreational needs of Manchester.

Your input is very important to us and will be used directly to improve our recreational facilities and offerings!

You can access the survey below.
