- The NH House of Representatives has just approved a budget that:
 - Cuts \$62.8 million in total funds from Developmental Services - effectively defunding any new services for individuals coming into the system over the next two years.
 - Requires across-the-board 3% reductions in all existing Medicaid rates. This could amount to an additional \$14-15 million cut per year.

- Mandates a "back-of-the-budget" cut of an additional \$46 million over the biennium at DHHS.
 - We are asking individuals and families to share what a cut to funding would mean in their lives through an anonymous survey:
