ANCOR Advocacy Resources for Constraints to Medicaid

Many of you have asked for advocacy tools and information relative to Medicaid funding and other issues that impact your family. Here is some information from our friends at ANCOR.org:

1. IMPORTANT: ANCOR IS STRONGLY ENCOURAGING THAT FAMILIES REACH OUT TO OUR FEDERAL DELEGATION! People can do this as often as daily. It is highly recommended by ANCOR that people share their personal stories in their outreach: <https://www.ancor.org/actions/preserve-i-dd-services-tell-congress-protect-medicaid/>
2. A one-pager on why we need to advocate and share our stories: <https://www.ancor.org/wp-content/uploads/2025/02/Preserve-Medicaid-ANCOR-One-Pager.pdf>
3. Texas vs Becerra: seeking a finding that would invalidate the entirety of 504. https://dredf.org/wp-content/uploads/2025/01/Plain-Language-Explainer_Texas-v-Becerra.pdf
4. ANCOR has started a page titled "Medicaid Resource Center with national information related to Medicaid legislation: https://www.ancor.org/medicaid/?utm_source=weekly_update&utm_medium=email&utm_campaign=resource_center&_zs=iaWUn1&_zl=6jr4A. This page includes links to advocacy tools for families, legislative updates, fact sheets, and expert analyses of federal legislative activities.
