**Does the OTC manufacturer's label match the
practitioner's order?**

YES ☐ NO ☐

If no, you must STOP and get clarification!

Licensed person's NAME _____

Date: _____

Home Care Provider or Staff Signature: _____

Procedure

1) To Buy OTC Med

- a) Go to pharmacy with copy of physician's order and OTC Consult Form (other side),
- b) Verify with licensed person (RN or Pharmacist) that you have the right med, right dose, right route, and special considerations;
- c) Verify medication label matches the order exactly;
- d) If the label and order matches, you can buy the medication – remember to write on the receipt which med it's for and save receipt;
- e) If everything doesn't match, stop and get clarification from Nurse or Pharmacist.

2) When you get home, put the med in a baggie with a copy of the order and the OTC consult form to use for your triple checks.

THANK YOU!
